

Power Supplied By

The Fylde's Local Energy Supplier

BPG is empowering local businesses situated within the Fylde by agreeing to better any competitive offer of supply they receive from the market or their incumbent supplier.

We are supporting local businesses so they can benefit from energy prices that are comparable to those achieved by the huge national chains operating in the retail, leisure and service sectors.

Please contact **01253 206141** for more information.
